

SURVEY TECHNICIAN – CAREER OPPORTUNITY

Infrastructure Design Group, Inc. is a civil engineering and land surveying services firm providing professional services to public and private clients in the eastern South Dakota region. We provide professional engineering, surveying, and consulting services to local municipalities, county and state DOT's, and other state departments, as well as private sector clients. We have an immediate opening for a full time Survey Technician to be located in our Sioux Falls, SD office.

Primary duties of the Survey Technician include performing boundary surveys, topographic surveys, construction staking and drafting. You will be responsible for the collection of accurate field data and direction of other members of a survey field crew. Must have the ability to interpret plan sets, perform calculations and communicate well with other staff and clients. Cad drafting experience is preferred but not required. The Survey Technician will work under the direct supervision of a Registered Land Surveyor on a daily basis. We are interested in a motivated individual capable of taking on multiple responsibilities as a team player.

Qualifications

The Survey Technician position requires a minimum of 2 years of related experience. Working knowledge of AutoCAD Civil 3D and/or Microstation/InRoads and experience with Trimble Total Station and GPS is preferred. Requires being able to lift 40 lbs., travel overnight occasionally and the ability to work in the field in all weather conditions.

The ideal candidate shall be self-motivated, organized, able to communicate effectively both written and orally, able to work in a team environment, and have strong interpersonal skills. If you're ready for the next step in your career we would love to speak with you. We offer a competitive benefit package and salary and is negotiable based on qualifications and experience.

Interested candidates should apply online at InfrastructureDG.com or email a resume and cover letter in confidence to robertk@infrastructuredg.com.
